

CHAPTER V

CONCLUSION AND SUGGESTION

This chapter presents the conclusion and suggestion based on the data analysis and discussion in previous chapter. The writer puts forward some conclusion and suggestion as follows:

5.1 CONCLUSION

Based on the result of the data analysis the writer can draw a conclusion that the use of kids song offline application media can enhance vocabulary of 5th grade students of SDN 10 Makale. Because The result of this research showed that there was significant difference in pre- test and post-test after using this method. The result of the data analysis showed that the mean score of pre test was 44.43 and the mean score of post test 84.89 it shows that the mean score of post test higher than the mean score of pre test. Comparing with the t-test value at the level significance on a 5% (0.05) it was higher than t-table with degree freedom (df) = n-1. If found that t-test (14.233)value is higher than t-table(1.691). The explanation shows that H₀ is refused than H₁ is accepted. It was concluded that the use of kids song offline application is effective in teaching English 5th grade students of SDN 10 MAKALE.

5.2 SUGGESTION

Based on the conclusion above, the researcher would give some suggestion want to learn English especially in enhance vocabulary as follow:
For teacher :

1. In teaching vocabulary, teachers should use varied techniques and media that can attract students' attention to learn English vocabulary. In addition, teachers can also improve English vocabulary through reading, watching movies, playing educational games, taking lessons, using interactive applications, and practicing speaking with classmates or family. Consistency and continuous effort can result in rapid and effective vocabulary improvement.

For student:

1. Students are expected to have English books and dictionaries to support English learning.
2. The students should their motivation in learning English especially in learning vocabulary.

For next writer:

1. The researcher hope other researchers can use it as a reference to conduct their research on the same field.

For the institution:

1. The school has to provide the appropriate facilities that support the teaching and learning process. Complete facilities are needed to support the teaching and learning process. It also makes the teachers have opportunity to express their brand new ideas and show their best ability in improving the language skill especially for vocabulary.
